

Project Design Phase Proposed Solution Template

Date	15 February 2025
Team ID	
Project Name	DARSHANEASE
Maximum Marks	2 Marks

Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Devotees face long queues, manual booking, lack of slot availability information, and difficulty managing temple visits efficiently.
2.	Idea / Solution description	DARSHANEASE is a MERN-stack web application that enables users to register, view temples, book darshan slots, make donations, manage bookings, and receive digital confirmations.
3.	Novelty / Uniqueness	Provides an all-in-one platform combining temple discovery, online slot booking, donations, booking history, and admin management in a single application.
4.	Social Impact / Customer Satisfaction	Reduces waiting time, improves transparency, offers convenient online booking, and enhances the pilgrimage experience for devotees.
5.	Business Model (Revenue Model)	Revenue can be generated through premium temple partnerships, convenience fees, advertisements, and value-added services.
6.	Scalability of the Solution	The system can support multiple temples, thousands of users, online payments, notifications, and cloud

		deployment with minimal changes.
