Project Overview:

Project Name: DharshanEase

Project Description:

DarshanEase is a MERN Stack web application developed to simplify the temple darshan booking process. The system enables users to register, log in, browse temples, view temple details, book darshan slots, make donations, and manage their bookings. It also provides an Admin Dashboard to manage temples, darshan slots, bookings, donations, and temple images.

Project Version: Version 1.0

Testing Period: 25 June 2026 to 12 July 2026

Testing Scope:

The following modules were tested:

- User Registration
- User Login
- Forgot Password
- Home Page
- Temple Listing
- Temple Details
- Search Functionality
- Darshan Slot Booking
- My Bookings
- Donation Module
- Profile Module
- Admin Dashboard
- Temple Management
- Slot Management
- Booking Management
- Donation Management
- Image Upload
- Logout

Testing Environment:

URL/Location: Frontend : <http://localhost:5173>
Backend : <http://localhost:5000>

Signature: [Tester's Signature]

Notes:

- Ensure that all test cases cover both positive and negative scenarios.
- Encourage testers to provide detailed feedback, including any suggestions for improvement.
- Bug tracking should include details such as severity, status, and steps to reproduce.
- Obtain sign-off from both the project manager and product owner before proceeding with deployment.
